Ladies & Gentlemen:

We have reviewed the accompanying statements of financial position of The Newton Chinese Language School, Inc., (a nonprofit corporation) as of June 30, 2007 and 2006, and the related statements of activities and statements of cash flows for the years then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of The Newton Chinese Language School, Inc..

A review consists principally of inquiries of Organization personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the financial statements in order for them to be in conformity with generally accepted accounting principles.

Respectfully submitted,

W. A. Leonard & Company, P.C.

Notes to the Financial Statements

The Newton Chinese Language School, Inc.
Notes to the Financial Statements
June 30, 2007 and 2006

Note 1 - Nature of Activities and Summary of Significant Accounting Policies

- A. Nature of Activities - The Newton Chinese Language School, Inc. (the School) is a not-for-profit organization incorporated on November 2, 2001, under the laws of the Commonwealth of Massachusetts. The School operates a private language educational institution in the City of Newton for the purpose of promoting and preserving the Chinese culture and tradition. Prior to commencing operations, the School was administered by the Greater Boston Chinese Cultural Association, Inc.
- B. Basis of Accounting - The School prepares its financial statements in accordance with generally accepted accounting principles, which involves the application of accrual accounting; consequently, revenues are recognized when earned, and expenses are recognized when incurred.
- C. Basis of Presentation - In accordance with SFAS No. 117, *Financial Statements of Not-for-Profit Organizations*, the School reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The School has no temporarily restricted or permanently restricted net assets.
- D. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.
- E. Equipment and Depreciation - Acquisitions of equipment and costs that materially prolong the useful lives of assets are capitalized. Depreciation is being provided by use of the straight-line method over the estimated useful lives of the related assets.
- F. Donated services - No amounts have been reflected in the statements for donated services because they did not meet the criteria for recognition under SFAS No. 116. Management estimates that volunteers helping in the academic programs donated approximately 3,500 hours to the School in 2007.

- G. Significant Leases - Effective on September 1, 2002, the School entered into a one year lease to rent facilities from the City of Newton. Said lease has been renewed in subsequent periods. Annual rental payments to the Newton Public Schools total \$33,630 and \$23,837 per annum for the years ended June 30, 2007 and 2006. For the period ending June 30, 2008, the rental stipend will be \$33,146, plus other maintenance fees. The lease is renewed on an annual basis and will expire on June 30, 2008.
- H. Contributions - Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.
- I. Income Taxes - The Newton Chinese School, Inc. is a not-for-profit organization exempt from federal income taxes under Internal Revenue Code Section 501(c)(3).

Note 2 - Equipment

Equipment as of June 30, 2007 and 2006 is summarized as follows:

	2007	2006
Equipment & Furniture-At Cost	\$11,053	\$9,527
Accumulated Depreciation	(5,430)	(3,376)
	-----	-----
Equipment - Net	\$5,623	\$6,151
	=====	=====
Depreciation Expense	<u>\$2,054</u>	<u>\$1,162</u>

Note 3 - Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated in proportion to the programs and supporting services benefited.

Note 4 - Cash Balances

Certain cash balances maintained by the School exceed the limit of insurance coverage provided by the Federal Deposit Insurance Corporation. Management is of the opinion that the risk of loss is minimal.

Note 5 - Compensated Absences

The School operates without employees. All officers are volunteer members. Certain individuals are paid stipends for services rendered to the School, however they are not deemed to be employees and correspondingly are only paid when services are rendered. Therefore, the School has not established an accrual for compensated absences.

Note 6 - Financial Statement Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified as follows:

Unrestricted Net Assets - net assets that are not subject to donor imposed restrictions.

Temporarily Restricted Net Assets - net assets subject to explicit or implicit donor imposed stipulations that may or will be met either by actions of the Organization and/or by passage of time.

Permanently Restricted Net Assets - net assets subject to donor imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

Sources of Income - Revenues are derived from tuition, fees, student activities, interest income and contributions.

Note 7 - Subsequent Event

Subsequent to year end of 2005, the United States Treasury - Internal Revenue Service notified the entity that an examination was to be conducted relative to the tax return submitted for the period ended June 30, 2004. The results of said examination have been received in writing as of the date of this report. There were no adjustments made to the original filing.
